## Information Systems | Digital Intelligence | Data Science Student

Newlands Wellington, New Zealand | 022 086 6850 | [gandhiviraj2006@gmail.com](mailto:gandhiviraj2006@gmail.com)

Portfolio: <https://vtxzenyx.github.io> | GitHub: <https://github.com/VTXZenyx>

### PROFILE SUMMARY

Second-year Bachelor of Commerce student at Victoria University of Wellington studying Information Systems, Digital Intelligence and Data Science. Hands-on experience with SQL, relational databases, R data analysis, business and systems analysis, and web technologies through university coursework and technical projects.

Interested in summer, internship, fixed-term and part-time opportunities in data and reporting, information systems, business systems, application or technology support, and junior analyst roles. Available full-time from 30 October 2026 through late February 2027 and available part-time alongside university during 2027.

### SELECTED TECHNICAL PROJECTS

#### SQL & RELATIONAL DATABASE PORTFOLIO

SQL · SQLite · DBI/RSQLite · Database Design

- Built and queried relational databases using multi-table joins, self joins, subqueries, grouped queries and aggregate functions, while working with primary, foreign and composite keys and normalisation.
- Used R with DBI/RSQLite to connect to SQLite databases, write tables and run queries, with SQL and database work published through GitHub.

#### R DATA ANALYSIS - ARCHAEOLOGICAL DATASET

R · dplyr · ggplot2 · readxl · R Markdown

- Imported, cleaned and transformed Excel-based archaeological data in R, including combining related data, renaming variables and correcting inconsistent text values.
- Produced grouped summaries and visualisations to analyse historical periods, demographic categories and strontium isotope measurements, with code and interpretation documented in R Markdown.

#### COURSE ENROLMENT WEB APPLICATION

HTML · CSS · Python/Brython · Structured Data · Business Rules

- Developed a working course-enrolment application supporting login, course browsing, enrolment and withdrawal using structured data.
- Implemented business rules covering prerequisites, course-load and GPA requirements, approval requirements and timetable clashes.

### EDUCATION

Victoria University of Wellington

2025 - present

Bachelor of Commerce Information Systems, Digital Intelligence and Data Science

Relevant study includes information systems, business and systems analysis, data management and programming, relational databases and data analysis.

### RETAIL EXPERIENCE

Casual Retail Assistant - Paparangi Foodmarket

FAMILY BUSINESS - ONGOING

- Serve customers, operate POS/EFTPOS and process cash and card payments.
- Assist with stock replenishment, pricing, expiry-date checks, stock organisation and general store operations.
- Developed practical communication, reliability, customer-service and problem-solving experience.

### ADDITIONAL INFORMATION

Certification: Licence Controller Qualification (LCQ) — ServielQ / Te Pūkenga, November 2025

Languages: English · Gujarati · Hindi

Availability: Full-time from 30 October 2026 through late February 2027; available part-time during university in 2027.

Mobility: Wellington-based and open to relocating within New Zealand for suitable summer opportunities.
