PROFILE SUMMARY

Second-year Bachelor of Commerce student at Victoria University of Wellington studying Information Systems, Digital Intelligence and Data Science. I enjoy working with technology, data and people and am looking to gain practical experience in customer-facing, IT support and entry-level technology roles. Through university projects I have developed skills in SQL, relational databases, web development, Python and R, while helping in my family's retail business has strengthened my customer service, communication and reliability. I am also interested in AI and enjoy learning how AI tools can support problem-solving, learning and technology.

EDUCATION

Victoria University of Wellington

2025 - present

Bachelor of Commerce - Information Systems / Digital Intelligence and Data Science

Hutt Valley High School

2020 - 2024

NCEA Levels 1, 2 and 3

WORK EXPERIENCE

Volunteer Retail Assistant - Paparangi Foodmarket

FAMILY BUSINESS - ONGOING

- Assist customers and provide friendly service in a family-run retail environment.
- Restock shelves, organise products and help maintain stock availability.
- Support cleaning and general day-to-day store operations.
- Answer customer questions and help resolve straightforward problems.
- Developed strong communication, reliability and practical problem-solving skills through regular customer interaction.

CERTIFICATES

Licence Controller Qualification (LCQ) — ServiceIQ / Te Pūkenga, Nov 2025

PROJECTS

TECHNICAL PROJECTS

- Built university and personal projects using SQL, SQLite, HTML, CSS, JavaScript, Python/Brython and R. Work includes a working course-enrolment web application, relational database design and SQL analysis, and R/RStudio coursework using R Markdown, vectors, matrices, logical filtering, missing values, debugging and CSV data.
